

MUNAZZAH ZAINAB

UI/UX Designer

Kolkata, India | +91 8334871114 | zainabmunazzah14@gmail.com | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

UI/UX Designer with a background in software engineering, focused on designing structured, high-clarity digital experiences. Experienced in translating complex requirements into intuitive user flows, scalable UI systems, and implementation-ready designs. Combines strong visual refinement with feasibility-aware thinking to deliver cohesive, user-centred products.

SKILLS

UX/UI: User Research, User Flows, Information Architecture, Wireframing, High-Fidelity UI, Interaction Design, Prototyping, Usability Testing, User-Centred Design, Responsive Design, Design Systems, UX Rationale & Decision-Making, A/B Testing, Agile UX.

Collaboration: Feasibility-Aware Design, Design-Development Collaboration, Cross-Functional Team Coordination.

TOOLS & TECHNOLOGIES

Design: Figma, Sketch, Miro, Relume, Webflow | **Engineering:** HTML, CSS, Git, JIRA | **Other:** Google Stitch AI.

PROFESSIONAL EXPERIENCE

Independent UI/UX Designer | *Weblynks (Client Collaboration)* | Remote 2025 - Present

- Delivered end-to-end website design solutions, translating complex client requirements into structured, user-friendly experiences.
- Designed user flows and information architecture for content-heavy platforms across architecture and infrastructure domains.
- Built scalable UI systems with strong visual hierarchy, spacing, and consistency — ensuring brand cohesion across touchpoints.
- Collaborated with developers to ensure technical feasibility and smooth design-to-development handoff.
- Designed digital experiences for House of Shaarag (minimal luxury website), Ecopath (complex process simplification platform), and Akashdeep Design Studio (portfolio-driven experience).

UX Design Practice & Certification | *Self-Directed / Google Coursera* | Remote 2024 - 2025

- Completed the Google UX Design Professional Certificate, strengthening core UX fundamentals.
- Conducted redesign exercises focused on layout systems and interaction clarity.
- Built portfolio case studies applying research synthesis, user journey mapping, wireframing, and high-fidelity prototyping.
- Transitioned into real client-facing design projects by the end of the program.

Junior Software Engineer | *Cognizant Technology Solutions* | Kolkata, India 2021 - 2024

- Contributed to enterprise application development using Java and Spring Boot in Agile teams.
- Built and refined responsive UI components using React, ensuring cross-device consistency.
- Performed Root Cause Analysis (RCA) to resolve production issues and improve application stability.
- Collaborated with cross-functional teams using JIRA to support structured delivery cycles.
- Developed strong awareness of technical feasibility, system scalability, and design-to-development collaboration.

EDUCATION

Bachelor of Technology - Information Technology | *St. Thomas' College of Engineering & Technology*
| Kolkata, India 2021
DGPA: 9.32

Google UX Design Professional Certificate | *Google / Coursera* | Remote 2024
